Superintendent's Highlights

The 1998/99 school year brought to an end the first year of a comprehensive strategic planning process. The focus and purpose of the School District was designated *"The Success of Each Child"*. The community has rallied behind the district's movement toward greater excellence in many ways. The Citizens for Quality Education have made it a point to provide expertise, funding, and support to make a difference in the success of each child. The community has passed two levies during the year. And, there is cohesiveness in the purpose beyond the last several years. Graduating seniors from the district high schools are found in prestigious universities across the country.
